

GROUND WATER DIVISION, GEOLOGICAL SOCIETY OF SOUTH AFRICA

COURSE: AN INTRODUCTION TO GROUNDWATER

LEVEL: BEGINNER - INTERMEDIATE

DATES: 19 MAY - 21 MAY 2010

ORGANIZERS: GROUNDWATER DIVISION (National) OF THE GEOLOGICAL SOCIETY OF SOUTH AFRICA

VENUE: TBC* await approval CGS

OBJECTIVE: The Course is an introduction to groundwater and is aimed at those involved or interested in groundwater (or geohydrology) who wish to broaden their understanding of the fundamentals of the science of geohydrology.

CONTENT: The Course will generally include the following topics: ground water terminology, ground water occurrence and flow, aquifer definition, exploration methods, drilling and borehole construction, aquifer test pumping and evaluation, ground water chemistry, tracers and isotopes, ground water pollution, water resource management, legislation, ground water modelling and mine dewatering. The lectures will be presented in English.

FORMAT: Lectures by groundwater experts and practical exercises where applicable. Discussions are encouraged.

INSTRUCTORS: The course will be hosted by a variety of experts from the Academia, Science Councils and Industry.

COST:

3 day full course R 3,750 - NON GWD MEMBERS
