

Observer Demonstration

You are invited to attend a demonstration of the Observer mobile application developed for borehole monitoring.

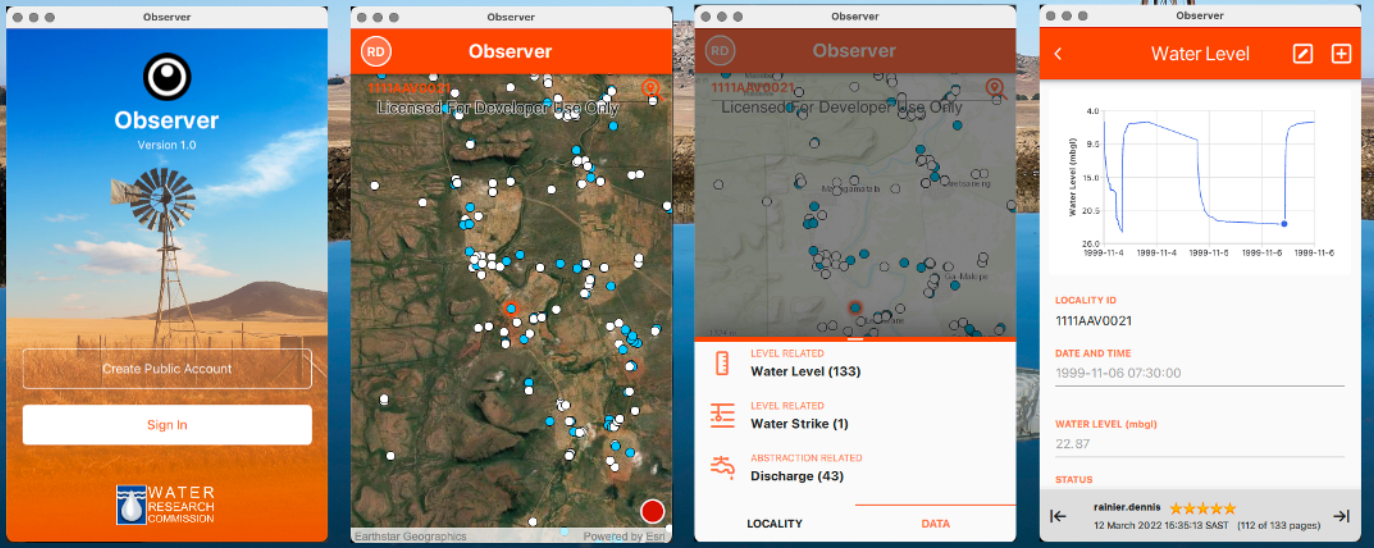

Date: 24 March 2022

Time: 10:00 - 13:00

Place: NWU, Potchefstroom Campus, Building G23A, Room 102

The Observer app was designed to engage anyone interested to assist in monitoring boreholes and capturing associated information. The app also allows the capturing of rainfall data and promote the sharing of data for better management of our groundwater resources.

PROGRAM

24 March 2022

10:00 Tea and Coffee

10:15 Introduction and Background

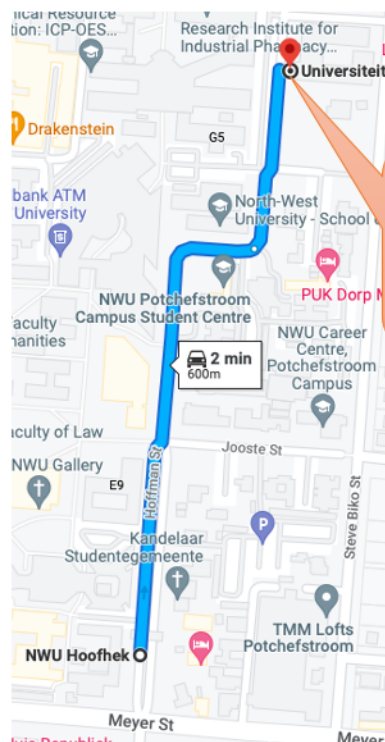

11:00 Mobile App Demonstration

12:00 Practical Use / Field Demonstration
